Born and Resident in: Rome, Italy

Date Of Birth: 07/10/1983

Education: Bachelor's degree in Graphics and Multimedia Design (Valle Giulia) – 110/110

Languages: Italian, English, French

Professional Experience:

HyperTV (Rome and New York) – www.hypertvx.com

September 2013 – present

Web development of second-screen applications for clients such as Mediaset, Aljazeera America, Aljazeera English, AS Roma, Sportitalia, ESPN. I introduced responsive webdesign in the company and SASS for css management. I developed the company's website.

Neomobile (Rome) – www.neomobile.com

February 2012 – September 2013

Development of the HTML and CSS of the web, mobile and wap pages of Neomobile's digital products for the following company's markets: Brazil, Spain, France, Mexico, Colombia, Ecuador, Italy, Peru, Germany. I've occasionally took part in developing internal tools and projects.

Cliccaqui (Rome) – www.cliccaqui.org

May 2009 – January 2012

As the only webdesigner in the company, I managed graphics, code, and deployment for small clients' websites.

Technical Skills:

</> Web Languages

- HTML
- CSS
- Sass (.scss)
- Javascript / JQuery

🖨 Software

- Photoshop
- Aptana
- SVN

⌚ Productivity

- Prepros
- Grunt
- Emmet
- Style Tiles

⚡ Cross

- Parallax Scrolling
- Responsive Webdesign
- Crossbrowser compatibility on desktop and mobile

Soft skills:

I love art, music and cinema. I also love video editing, painting, traveling and playing musical instruments. I firmly believe that a broad and multidisciplinary artistic vision has a positive impact on my work as a developer. I'm very fast and always able to meet deadlines.
