**Born and Resident in:** Rome, Italy

**Date Of Birth:** 07/10/1983

**Education:** Bachelor's degree in Graphics and Multimedia Design (Valle Giulia) – 110/110

**Languages:** Italian, English, French

## Professional Experience:

### **DOING (Rome) – [www.doing.com](http://www.doing.com)**

*September 2015 – present*

Front End Developer. Websites, Portals and DEM creation for an ever expanding number of clients including Eni, Telepass, Treccani, Enjoy and more.

### **HyperTV (Rome and New York) – [www.hypertvx.com](http://www.hypertvx.com)**

*September 2013 – September 2015*

Web development of second-screen applications for clients such as Mediaset, Aljazeera America, Aljazeera English, AS Roma, Sportitalia, ESPN. I introduced responsive webdesign in the company and SASS for css management. I developed the company's website.

### **Neomobile (Rome) – [www.neomobile.com](http://www.neomobile.com)**

*February 2012 – September 2013*

Development of the HTML and CSS of the web, mobile and wap pages of Neomobile's digital products for the following company's markets: Brazil, Spain, France, Mexico, Colombia, Ecuador, Italy, Peru, Germany. I've occasionally took part in developing internal tools and projects.

### **Cliccaqui (Rome) – [www.cliccaqui.org](http://www.cliccaqui.org)**

*May 2009 – January 2012*

As the only webdesigner in the company, I managed graphics, code, and deployment for small clients' websites.
